Subject: VT Medicaid PIP/EHRIP Update 1/4/19: MAPIR is ready to accept all PY2018 applications!

To All Vermont Medicaid Promoting Interoperability/EHR Incentive Program participants:

MAPIR IS READY TO ACCEPT PY2018 APPLICATIONS

The MAPIR system upgrade is complete, and providers may now start submitting their Program Year 2018 PIP/EHR Incentive Program applications. The deadline to submit applications is March 31, 2019. More information here: <https://healthdata.vermont.gov/ehrip/2018>

IMPORTANT: PROVIDER MEDICAID ACTIVE STATUS

If an Eligible Professional's Vermont Medicaid enrollment lapses at any time after an application is started and **BEFORE A PAYMENT IS RECEIVED**, the application will automatically abort from the MAPIR system. The attestation must then be restarted from the beginning in MAPIR after the EP becomes fully re-enrolled in Vermont Medicaid. Contact the PIP/EHRIP Team if you experience this issue.

MAPIR USER GUIDES

Before proceeding with an application in MAPIR, review the online **User Guides**, posted on our [website](#). As you step through the screens in the MAPIR system, the User Guides provide additional explanation, illustrated hints, navigation tips, and documentation forms. Reviewing the User Guide will help you organize the reports and data needed for attestation. Assembling this information ahead of time will maximize your productivity when you are logged into the MAPIR system.

The MAPIR 6.1 User Guides for Eligible Professionals in PY2018 are separated into four files:

- [Part 1](#) - Getting Started, Confirm R&A and Contact Info, Eligibility, Patient Volumes (PDF 2.4 MB)
- [Part 2C](#) - Attestation Phase, MU General Requirements, MU Objectives, CQMs (PDF 4.8 MB)
- [Part 3](#) - Review; Optional Questionnaire; File Uploads; Required Documentation; Submission; Status information; Adjustments (PDF 1.2 MB)
- [Part 4](#) - Additional User Information, Appendices (PDF 460 KB)

PROBLEMS LOGGING INTO MAPIR?

MAPIR is accessed through the Vermont Medicaid provider secure web portal:

<https://www.vtmedicaid.com/secure/logon.do>

Providers must be properly identified in the Vermont Medicaid system. In addition, there must be a relationship between:

- The preparer (the person attesting on behalf of the provider);
- The login User ID for the Medicaid Provider Portal, and;
- The providers' information within the Medicaid system.

Aligning this information is necessary in order to proceed in MAPIR. Some providers and preparers have experienced common issues in accessing the MAPIR system as a result of issues with provider information alignment. A troubleshooting guide for solving for these common MAPIR access issues is available here:

<http://healthdata.vermont.gov/ehrip/help/access>

Please alert the PIP/EHRIP Team if you encounter any technical or policy issues as you proceed:
ahs.dvhaEHRIP@vermont.gov

If you are aware of anyone who would like to receive our EHRIP email updates, or if you would like to be removed from this distribution list, please forward the updated information to ahs.dvhaEHRIP@vermont.gov.

Don't hesitate to contact the Vermont Medicaid EHRIP Team with any questions, and be sure to check out the [Vermont Medicaid EHRIP website](#) for important information about the program.

Thank you,
Lorraine
